Education

Higher Secondary School

Holy Cross Matriculation Higher Secondary School
2019-2020

Btech Computer science and engineering

Amrita Vishwa Vidyapeetham, Chennai
2021 - 2025

Experience

App development

Myutheta technologies
2022

I'm a frontend app developer working on a startup project, creating an engaging user interface and collaborating with my team to ensure a smooth app experience. Excited to be part of this project and looking forward to its success!

App development

Coffee app
2022

Created a bakery app using Flutter and Firebase Storage to fetch data. Users can view product details and place orders. The integration made the app fast and reliable. Excited to explore more mobile app development possibilities!

App development

MultiWare
2023

Attended a startup expo for my agricultural ecommerce app that fetches data from Firebase and uses machine learning algorithms from an API. Deployed the app using ngrok. It was an amazing experience to showcase my work and receive feedback from experts.

Skills

- Flutter
- Firebase
- Postman API
- Video and photo editing
- SQL
- Python
- C++
- C
- Java
- HTML, CSS and Javascript
